ADDRESS	8600 Shelby Court, Chanhassen, MN 55317
CITY	Chanhassen

In response to your request, we are pleased to provide our quotation for **validation services**, designed for the processing of products that require this sterilization method. Our service is focused on delivering reliable solutions tailored to the specific characteristics and requirements of each product and process.

Below, you will find the scope of the service and the commercial terms and conditions applicable to your request.

VALIDATION INFORMATION:

Analysis / Item	Half-Cycle 1	Half-Cycle 2	Half-Cycle 3	Full-Cycle 1	Full-Cycle 2	Total
Decompression Needle units processed	500	500	500	500	500	**2500**
Challenge Process Device (CPD) locations	12	12	12	12	12	**60**
Unprocessed BI positive controls	1	1	1	1	1	**5**
Product sterility test samples	1	1	1	1	1	**5**
Product units for residual analysis (EtO, ECH, and EG)	0	0	0	3	3	6

PARAMETER	Option 1: Testing by Production Lot	Option 2: Testing by Individual Unit
PRODUCTION LOTS	3	3
UNITS PER LOT	10	10
TOTAL UNITS EVALUATED	30	30
UNITS INCLUDED IN EACH TEST	3	30
MICROBIOLOGICAL RESULTS	3	30
ACCEPTANCE CRITERION	≤ 25 CFU per device	≤ 25 CFU per device
REQUIRED REPORT	Bioburden Determination Report – Attachment 3	Bioburden Determination Report – Attachment 3

OPTION 1 - Bioburden Testing by Production Lot (3 Tests): Bioburden testing will be performed on three independent production lots, with 10 Decompression Needle units sampled from each lot, for a total of 30 units evaluated. One bioburden analysis will be conducted per production lot, resulting in three analyses in total.

The results will provide one bioburden determination per production lot and will be documented in the Bioburden Determination Report, in accordance with the applicable protocol requirements.

Analysis / Item	QUANTITY	UNIT COST	TOTAL COST
Challenge Process Device (CPD) locations	60	$ 13.959	$ 837.540
Unprocessed BI positive controls	5	$ 13.398	$ 66.990
Product sterility test samples	5	$ 370.013	$ 1.850.066
Product units for residual analysis (EtO, ECH, and EG)	6	$ 1.802.625	$ 10.815.750
Bioburden test	3	$ 121.440	$ 364.320
Inform + transalation + execution	1	$ 8.714.400	$ 8.714.400
Total			**$ 22.649.066**
Applicable Exchange Rate (COP/USD)			**$3.250/USD**
TOTAL PRICE USD			**6.967 USD**

VAT (IVA) and Taxes

The quotation is expressed in United States Dollars (USD). Any applicable Colombian Value Added Tax (VAT/IVA) will be determined and applied in accordance with the applicable Colombian tax regulations.

If the service qualifies as an exempt export of services under Colombian tax law, the corresponding VAT exemption will apply, subject to compliance with all applicable legal requirements. Otherwise, the applicable VAT will be charged as required by law.

OPTION 2 - Individual Unit Bioburden Testing (30 Tests): Bioburden testing will be performed on **30 individual Decompression Needle units**, sampled from three independent production lots, with 10 units per lot. Each unit will be tested separately, resulting in 30 individual analyses.

The results will provide an individual bioburden determination for each tested unit and will be documented in the Bioburden Determination Report, in accordance with the applicable protocol requirements.

Analysis / Item	QUANTITY	UNIT COST	TOTAL COST
Challenge Process Device (CPD) locations	60	$ 13.959	$ 837.540
Unprocessed BI positive controls	5	$ 13.398	$ 66.990
Product sterility test samples	5	$ 370.013	$ 1.850.066
Product units for residual analysis (EtO, ECH, and EG)	6	$ 1.802.625	$ 10.815.750
Bioburden test	30	$ 121.440	$ 3.643.200
Inform + transalation + execution	1	$ 8.714.400	$ 8.714.400
Total			**$ 25.927.946**
Applicable Exchange Rate (COP/USD)			**$3.250/USD**
TOTAL PRICE USD			**7.978 USD**

VAT (IVA) and Taxes

The quotation is expressed in United States Dollars (USD). Any applicable Colombian Value Added Tax (VAT/IVA) will be determined and applied in accordance with the applicable Colombian tax regulations.

If the service qualifies as an exempt export of services under Colombian tax law, the corresponding VAT exemption will apply, subject to compliance with all applicable legal requirements. Otherwise, the applicable VAT will be charged as required by law.

COMMERCIAL TERMS	
DISPATCH TIME	**Execution of validation:** 5 days. **Turnaround time for laboratory results:** 30 calendar days. **Turnaround time for final reports:** 15 days after receipt of all laboratory reports.
SHIPPING	NA
PAYMENT METHOD	**70% Advance Payment:** Due upon formal acceptance of the quotation and before commencement of the validation activities. **30% Final Payment:** Due upon delivery of the agreed validation documentation package. The validation activities will commence once the quotation has been formally accepted, the validation protocol has been

	approved, and the advance payment has been received. Any additional testing, repeat sterilization cycles, or changes to the approved scope that may result in additional costs will be subject to the customer's prior written approval. All payments shall be made within 15 calendar days of the corresponding invoice date, unless otherwise agreed in writing. Applicable Colombian taxes, including VAT (IVA), will be determined in accordance with the applicable tax regulations.
VALIDITY OF THE OFFER	30 days.
PRICE INCLUDES	• Ethylene oxide (EtO) sterilization services required for the validation activities, in accordance with the approved validation protocol. • Laboratory testing, including the applicable bioburden and other laboratory analyses specified in the selected quotation option. • Validation report and supporting documentation in both Spanish and English. The English version is an unofficial translation. Note: If an official or certified English translation is required, this service will be quoted separately and charged as an additional cost.
PRICE DOES NOT INCLUDE	The quoted price does not include any services, activities, tests, or deliverables that are not expressly specified in this quotation. Any additional requirements or services requested by the customer will be quoted separately and shall be subject to prior written approval.
